ROURKELA CLUB

Every state of our nation is blessed with a unique flavour, and there is a lot to relish and experiment with across the length and breadth of India. Be it the language or the culture or the geography; the variety is mind-boggling. Every region in India has its special food that's a product of the distinct environment and a cuisine refined over hundreds of years. Kebabs, Dosas, Biriyanis and Butter Chickens get all the limelight, but there's an abundance of culinary delights waiting to be devoured from all corners of the country.

The cultures of contemporary Indian cuisine, starting from sourcing of ingredients to processing as well as to consumption, are simultaneously changing and exhilarating. A constant innovation and increased attention to Indian cuisine is occurring almost every other day and promises to be an exciting area of exploration.

"Symphony of Flavours" by Rourkela Club presents a way to understand everyday Indian culture as well as the complexities of identity and interaction with other parts of the world that are both veiled and visible.

If you are someone whose taste buds long to savour the unusual, then our "Symphony of Flavours" is a perfect choice for you to indulge in. Our dishes range from very simple vegetarian fare to exotic ones layered with texture and flavor. Whether it is 'Chicken Ghee Fry' or 'Mutton Handi,' it is only expected that the explosion of flavours comes with a serving of intriguing stories on the side. Moving away from the conventional, one can indulge in an incredible gastronomical journey that reveals not only a deep connection to the land but also shows how the diversity manifests in our food culture.

Great care is taken in the planning and preparation of each & every dish we prepare, no matter how simple or complex they appear. Here's a quick gateway to fascinating food from the four corners and the heart of India.

Breakfast
